5.3 The average Number of Students who participated in cultural and sports activities

Criteria 5, Metric: 5.3.2 Average number of sports and cultural programs in which students of the Institution participated during the last five years

In this metric, we got one mark. So, we verified all the old circulars for 2017-18, 2018-19, and 2019-20 years and we found that our students had participated in many sports activities and cultural activities. We spoke with our old students who passed out and procured copies of their participation certificates. We are updating the data for your perusal and appealing to you to consider the data and award us the marks.
